DAY 08- FD WINE TOUR MALBEC

Meet at the hotel for a full day visit to the wineries within this region, which is the very heart of the famous Malbec country, with the snow-capped Andes Mountains always in the background. Many of Argentina's most prestigious wineries are located in this area and it is a thirty minute drive from the city centre.

Our first visit is to **ACHAVAL FERRER**, the first Argentinean winery to obtain 96 points in the Spectator. This project is the idea of 6 men; little they do can be described as conventional, but the operation has style and passion and it is evident in every bottle, which is why this talented group has 5 wines at 92, or more points.

From here we travel a short distance to lunch at **BELASCO DE BAQUEDANO**, which has the only sensory room in Argentina; a real treat for those wanting to test their five senses of the dozens of varied scents Argentine wines have to offer.

We lunch in **CAVA DE CANO**, This micro winery is worth a visit just to see how the entire process can be fitted into a garage sized room. Set in a beautiful, colonial style building this is an atmospheric step back in time with underground tanks converted into bottle cellars and dining rooms. Lunch is a spectacular buffet with every type of delicacy.

Our day concludes with a visit to **CARMELLO PATTI**. Given that all winemakers are artists, this man is the personification. He does not advertise his boutique winery in any shape way or form and only makes what his devoted customers actually ask for. Carmelo Patti has been making wine in Mendoza for thirty six year. He buys all of his grapes, but knows where to get the best and gets the best out of them. Here we will learn the true meaning of "cult wine".

*NB: Wineries may change from the listed above; we check services and normally do updates.

Hotel: Robles de Besares - Std Room.

Meals: Breakfast & Lunch.

DAY 09- MENDOZA

Three hour visit of the city of Mendoza, the pride of the mendocinos (the inhabitants of the city) since the area is a desert that –because of the hard work of men and a carefully designed irrigation system- has been transformed into an oasis with beautiful parks and plazas.

The very center of the city is the Independence Park, a beautiful square with pergolas, fountains, gardens and lots of cultural events. Following the 1861 earthquake, the new city was rebuilt around this area. Four additional plazas, San Martín, Chile, Italia, and España, are located within two blocks off each corner of Independence Square.

We then head to the *General San Martín Park* which is almost as big as the city itself. This extends over 350 hectares (865 acres) with 17km (11 miles) of pathways and 300 species of plants and trees (both native and exotic). But the highlight of the visit is to reach the top of Cerro de la Gloria, which offers a panoramic view of the city and surrounding valley, as well as a monument in honor of Jose de San Martin, who liberated Argentina, Chile, and Peru from Spanish domain.

Hotel: Hotel Robles de Besares– Std Room.

Meals: Breakfast.
